

WERA 2023 FOCAL MEETING IN COLLABORATION WITH ERAS
22-24 November 2023
National Institute of Education (NIE), Nanyang Technology University (NTU), Singapore

Final Extended Submission Deadline: 15 August 2023; 23:59 Singapore (GMT+8)

The World Education Research Association (WERA) invites submissions for papers, posters, roundtables, and symposia for the WERA Focal Meeting to be held from 22-24 November 2023 at the National Institute of Education (NIE), Nanyang Technology University (NTU), Singapore. Founded in 2009, WERA will be celebrating its 13th anniversary at the Focal Meeting in Singapore. WERA is an association of major national, regional, and specialty education research associations dedicated to sharing scholarship, developing networks, and mutually supporting capacity building. WERA Focal Meetings are embedded in the conference of a WERA Member Association. The WERA 2023 Focal Meeting is an integral part of the biannual conference of the Educational Research Association of Singapore (ERAS) and consists of a program of papers, posters, roundtables, and symposia on topics of worldwide emphases and significance.

In general, the WERA Focal Meeting seeks to feature research that includes more than one country or is comparative, cross-cultural, international, or transnational in conceptualization, scope, or design. Paper, poster, and roundtable submissions need to meet these criteria; symposia submissions can include papers from single sites or countries as long as the presentations combined are from different countries and the aims of the symposium are anchored in worldwide or global issues. Duplicate submission of the same paper, poster, roundtable and/or symposium through the ERAS and WERA online submission systems is not allowed.

Papers, posters, roundtables, and symposia submissions are encouraged to synthesize knowledge worldwide over the last decade and anticipate future research trends and directions. Scholarly papers, posters, roundtables, and symposia who adhere to this call will be featured at the WERA 2023 Focal meeting.

Who Should Submit?

Scholars and advanced graduate students worldwide whose research extend beyond a single-country site are encouraged to submit to the WERA Focal Meeting. Submissions may be submitted to be presented at paper, poster, or roundtable sessions. Scholars wishing to organise symposia are also encouraged to submit. All abstracts submitted for review must please be written in English.

Scope of the Focal Meeting

The scope of the Focal Meeting is wide in its reach to include studies across the life span from early learning to workforce and adult as well as elderly education and that take place in formal and informal contexts of education and learning. The emphasis of the WERA Focal Meeting is on papers, posters, roundtables, and symposia with a lens that is worldwide in perspective.

Otherwise, there is no restriction on the education research topics appropriate for consideration, although priority will be given to submissions that focus on research and findings addressed to significant trends, issues, and challenges worldwide.

Guidelines for Submission to the WERA Focal Meeting

Paper, poster, roundtable, and symposium submissions must be submitted in English through the online portal on the [WERA-ERAS conference website](#) at “[Call for Abstracts](#)”.
